Minute Maid Juice Dispenser

New Wrapper Design for FCOJ Units

Technical Bulletin Reference No. 2107-001

Beginning in September 2014, the design for the wrappers, on the Juice (FCOJ) 2 and 4 valve units have been modified from a one piece wrapper to a three piece wrapper in order to simplify the manufacturing process for the unit. This change is going to affect the spare part number for the wrapper in the 2 and 4 valve units.

NOTE:

- The New Spare PN for the 4-Valve wrapper is 82-4790-SP
- The New Spare PN for the 2-Valve wrapper is 82-4791-SP

Before Change

1 PC Wrapper

After Change

3 PC Wrapper

(Screws to assembly back side wrapper – 8 Total)

New Location for Lancer Patent Information

Technical Bulletin Reference No. 2107-002

Due to changes in government patent law, Lancer is taking an opportunity to further advance its use of QR Codes by integrating a unit's Patent information. Normally a Lancer unit's Patent information is found on the Name Plate labels located on the front or side of the unit, however, beginning in September 2014, a unit's Patent Information will be relocated to two different locations:

1. Each of the Product Landing Pages located on the Lancer Corp website: lancercorp.com
2. The unit's Technical Document page accessed by the QR code found on the unit's Name Plate Label

NOTE: For more information on Lancer's use of QR codes see Lancer's April Issue of the Technical Bulletin, reference number: [2103-001](#)

This will give our customers and distributors access to all of our product's patent information in multiple, easy to access locations on the internet.

Name Plate Label

NOTE: QR code on Name Plate label gives access to Mobile Technical Document website.
