New Front Soda/Water Push Button Kit

Technical Bulletin Reference No. 2402-001

Lancer is proud to introduce the new Front Soda/Water Button. The new push button design is easier service, has a more intuitive activation, and is more durable than the older lever-actuation design. The new Soda/Water Button kits will continue using the CCNA# 958609 where applicable and will be compatible across both the LEV and VersaPour valve models.

New Accessibility Display Panel for Coca-Cola Bridge Towers

Technical Bulletin Reference No. 2402-002

In order to assure that beverage service on the Coca-Cola Bridge Tower is accessible to all customers, Lancer has introduced the new Accessibility Display Panel. The Accessibility Panel functions the same as the main unit screen and displays any current brand configuration on the main selection screen. The panel is installed remotely to counter and connects to any new or existing Bridge Towers currently in the field.
