

Compact BIB Pump with fittings

The **Compact Bag-In-Box (BIB) Pump** is designed for ultimate performance, the pump provides consistent flow necessary for reliable dispensing. This pump is ideal for compact countertop applications, with a space-saving footprint and efficient operation.

Features

- Compact BIB Pumps have mufflers for a quieter fountain experience
- Technologically advanced construction with glass filled polypropylene body, for chemical resistance to syrups and concentrates
- High quality and stainless fittings
- Space- saving footprint that eliminates the need for a backroom
- 3 quick connect fittings, with CO2 check valves, allowing for quick pump replacement
- EC 1935 compliant
